COURSE NUMBERING SYSTEM

The University has adopted a new course numbering system which goes into effect with the Summer School of 1971. A course number will designate academic level as follows:

000-099	non-credit course
100-199	primarily freshman course
200-299	primarily sophomore course
300-399	junior and senior course not acceptable for credit toward graduate degrees
400-499	junior and senior course acceptable for credit toward some graduate degrees
500-599	professional school course (Dentistry, Law, Medicine) or post-baccalaureate course
600-899	course restricted to graduate students
799	Masters thesis credit
899	Doctoral thesis credit

Courses in this schedule are listed according to the new numbering system. Each course's former number is indicated on the course title line between the slashes / /.

COURSE LISTING INFORMATION

Course listings appear on the following pages. At the top of each page appear the appropriate headings for each column. Two new items appear in these lists: a course's old number under the former numbering system and an index number for each section of a course. The index number will be used for testing purposes in establishing a new registration system and will not be used during the Fall 1971 registration. A sample below indicates the relationship among the items in each column. Times of the day are in relation to 8 A.M., at which time the earliest class begins.
